28th June 2021

To the Bradfield Village Hall Management Committee,

As you are aware Bradfield Parish Council (BPC) has discussed the Proposed Development Plan for the Village Hall at several recent meetings. BPC fully appreciates the amount of time, dedication and effort which has voluntarily gone into this project in order to develop the proposal to its current level.

Sadly, BPC believes that, as it currently stands, the project is not viable. BPC is therefore unable to offer continued support. BPC is concerned that should you continue with the current proposals, further financial expenditure will occur, which could potentially jeopardise any future proposals to provide upgraded facilities for the benefit of the community at large. BPC urges that discussion takes place as a matter of utmost urgency between yourselves, BPC, the District Councillor, and other interested parties with a view to developing acceptable, financially sound proposals.

BPC looks forward to receiving an invitation to develop a plan for further discussion.

Yours sincerely,

Helen Pratt

Helen Pratt
Clerk to Bradfield Parish Council
